

2.1 Site Furnishings

A. General Requirements

1. Furnishings shall be of corrosion resistant construction, such as vinyl dipped steel, concrete or recycled plastic.
2. Hot dipped galvanized or stainless steel fasteners and anchors shall be used.
3. All color selections shall match or very closely complement colors in use on campus, unless project shall replace all site furnishings on campus. This is to help create an overall campus exterior color scheme which is consistent.

B. South Campus

1. Utilize KenCoat line of bench and table products.

C. Kent Campus

1. Utilize KenCoat line of vinyl dipped bench and table products. Shall include linear, unitary benches and circular table/4 bench combinations; some with umbrellas included. Colors: Teal over Black.
